

HIGH SCHOOL  
MEN MEET IN  
CONFERENCE

Wednesday evening Palatine was host to the principals and coaches of the Northwest Conference, who gathered here for their annual October meeting.

The session was held at the new Palatine high school and was one of the finest and most harmonious meetings in the history of the conference. At six o'clock the visitors began to arrive and from then on through the evening, the fine new Palatine school was on dress parade before the other school officials of the conference. Everywhere could be heard glowing words of praise for the wonderful new school at Palatine and the consensus of opinion was "It's the show place of the conference," and one enthusiastic principal added "and then some."

Following a partial inspection of the building, the "gang" was called together by Supt. Butler, of Palatine, and were ushered into the modern cafeteria room, where some of the loyal alumni ladies, headed by Mrs. Elmore Foster, president of the alumni association, served a most bountiful and delicious supper to the hungry throng. Everyone else near him at the tables and a happy and friendly time was enjoyed during the supper hour. As there were many new faces in the crowd at the close of the meal, each principal introduced the members from his delegation, which feature served to help those present become better acquainted.

Following the supper more inspection trips were made through the building and so interested were the visitors in the various rooms, that the assembly gong had to be sounded to gather them together for the business meeting, which was held in the community room, a room which brought gasps of surprise and delight from the enthusiastic visitors.

The first order of business was the election of officers and the conference showed its approval of its old officers by re-electing the entire slate, which consists of: Mr. Underbrink of Libertyville, president; Mr. Smith of Barrington, vice president; Mr. Thompson of Warren, secretary and Mr. Brown of Arlington, treasurer.

Following the election of officers the application of the new Elmhurst high school at Lake Zurich, for admission into the conference, was read and after a very favorable discussion this school was admitted to membership, making the conference a ten school league. Considerable discussion among principals and coaches followed as to how the advent of Lake Zurich was to affect the basketball schedule as it is now arranged and after a great deal of debate, and a variety of arguments, it was decided that the present schedule should remain as it is, and that Lake Zurich would not compete for a conference championship on the regular schedule, but may schedule what games it can with the various schools this year and next year be given a regular place on the schedule. Lake Zurich may, however, compete in the conference tournament on an equal footing with the other schools for the tournament championship.

The annual basketball tournament will be held on January 31 and February 1 and 2, the places of the sectional and preliminary games and the final games are to be decided at the December meeting, which will be held at Bensenville. Principals of the schools extended a hearty invitation for the conference to meet at his school in December, which invitation was gladly accepted by the conference.

The principals discussed the holding of a music festival next spring and also dramatic and declamatory contests and meetings. These features will be worked out by a committee of teachers and coaches from each interested school on the committee.

Following adjournment of the principals and coaches meeting, the principals gathered in a round table discussion of matters of particular importance to them as the executive committee of the conference and the coaches and other visitors gathered in groups and discussed schedules and "fanned" about things of mutual interest. President Morris and A. G. Smith, a member of the Palatine board of education were present and helped act on the reception committee to show the visitors the new school.

So important have these conference gatherings become and of such general interest to the public of the territory within the conference that several newspaper men were present to chronicle the doings of the meeting. Haggerty of the Libertyville Independent; Parks of the Palatine News; Paddock of the Cook County Enterprise and Hart of the Cook County Herald, were on hand for the press. Supt. Butler had Mrs. Butler and his entire teaching staff on hand to help receive the visitors.

The meeting was a happy and harmonious affair and the visitors went home with their praises of the new Palatine school, "the show place of the conference," and of the hospitality of Supt. Butler, his board of education, his teaching staff and of the alumni committee which took such good care of the inner man. A complete list of those present follows:

Boy Scout Rally  
At Palatine Saturday

Saturday is a big day for scout craft of the Northwest Suburban Council. It is the date of the fall rally which will be held at the new high school at Palatine. The program starts in the morning and continues until late in the evening. The morning will be taken up with baseball games and the afternoon with a parade and various competitive events. A court of honor will occur in the evening at which time merit badges will be awarded and the Eagle rank will be conferred upon James Harz, the first Palatine scout to receive that honor. The general public is invited to these events. The gymnasium will seat over 700 and there will be room for all. It will also serve as an excellent opportunity for the general public to view to the gymnasium.

Leadership Training Course  
This year marks the second step in training for the degree of Scout Mastership in the North West Suburban Council. A five year training program has been prepared and two separate courses of scout mastership and other men interested in boys work will be started at once. The advanced course started Wednesday evening, Oct. 3, at University College, 116 So. Michigan avenue, at 8 p.m.

The elementary course will begin some time during October and further announcement will be given out later. Mr. S. P. Miller of Chicago, will be in charge of the advanced course, while Mr. Geo. F. Landane, scout executive, will be in charge of the elementary course. All persons interested in the course of study in scoutmaster or any relationship in scouting should communicate to the Boy Scouts of America, 305 Des Plaines State Bank Bldg., Des Plaines, Ill., and full information will be sent.

WOMAN'S CLUB  
OPEN MEETINGS

The Woman's club met for the opening session of the year in the home of the president, Mrs. W. J. Hausman Wednesday, October 3. The president directed the program. It was a large company of bright enthusiastic women who listened to the transaction of business and the greeting address by Mrs. Hausman, who shyly tells us this is her first club experience, and who we all know is entering into the plans for the year with vigor and enthusiasm, not to be outdone by any old seasoned club zealot. Her greeting and outline of future plans in which she gave an unfolding glimpse of a most attractive line of activities reaching through the year. If the spirit of this opening session can be maintained the outlook for the club year is most heartening. We bespeak for the club under their new presidents helpful lead a most successful year. Following the presidents greeting a club chorus often under the leadership of Mrs. W. D. Dotterer of Barrington gave two numbers and gave an outline of musical treats in store. The reports of various committees of which was the report of the Welfare committee by Mrs. Parker in which she reminded the members of the baby clinics held at the health center, twice each month. Mrs. Parker also reported for the kindergarten, in this connection she told of the need of friends and the struggle to maintain even the small class. The other reports came in the general routine business. For the benefit of the club fund a bakery sale was suggested and planned for to be held Saturday afternoon at the village hall, October 13. As chairman of the social service committee, Mrs. Beasley told of a plan for a sewing help to be held at her home, October 10, Wednesday, when the ladies are requested to bring their thimbles and carpet rags to be sewed for the soldiers to use in their room at Elgin. Besides bringing thimbles and needles the members are requested to bring a silver offering. The committee seemed to be filled with an eagerness of zeal, and ready for work.

Mrs. W. E. Adams, president of the 7th District was present and gave a talk on the elements of parliamentary rules. She also gave a list of lectures on art and letters in the district urging attendance at the district meetings.

The entertainment committee served cake and coffee and after a social season club was adjourned to meet in two weeks.

St. Peter's Congregation  
Make Change In School  
And Church Equipment

The congregation, of Arlington Heights, ever alert to the needs of today have spent considerable money in new equipment of their church, which is receiving a record enrollment.

The entire school was fitted out with steel adjustable desks before the opening and it is now believed that the enrollment will be nearly as great in number as the desks that have been installed. Principal Landeck says that new pupils are received weekly. A large number of these come from new residents to Arlington Heights.

The catechetical class numbers about thirty and is conducted in two departments: The German under Rev. Noack and the English under Rev. Fricke.

Install Megaphones  
The ladies aid society of the church has installed megaphones in two rows of the seats. These are to be used by the choir and those who are slightly hard of hearing to understand everything that the minister may say. An inconspicuous object in front of the pulpit acts as the transmitter and the voice is carried by wire to the phones. The latter can be adjusted for volume by the user. This innovation has not yet been introduced in any of the other local churches and is greatly appreciated by the people who have need of them.

Bulletin Boards  
The church will soon have two bulletin boards. One such board will be installed near the highway and their church property by the Dorcas aid, while the other will be placed on the outside of the church and to be paid for by the Sunday school.

PALATINE AND  
ANTIOCH IN TIE

The first Palatine high school football team to take the field in many years trotted out on to Weber field Tuesday afternoon and covered themselves with glory by playing the Antioch high school lightweights to a standstill in a 6 to 6 game.

For a green team the Palatine outfit showed exceptional strength and outplayed the visitors during the greater part of the game.

For a team which was playing its first game the Palatine lads showed uncanny ability with the forward pass, completing pass after pass and for good gains. It was a forward pass which paved the way for Palatine's touchdown, a long pass being completed for a big gain and the Palatine quarter back pulling off a bright piece of football by diving under his center for the score while Antioch's defense was all set for a plunge by one of the big backs.

It was also a forward pass that kept Palatine from being returned a winner in their opening game and a Palatine pass at that, about the only pass of theirs which went wrong. With only a couple of minutes to play and victory within their grasp, the Palatine team secured the ball in their own territory from a punt. Instead of smashing the line and holding the ball and keeping their lead safe, the Palatine quarterback called for a pass and this time a fleet Antioch back grabbed the ball and scampered around the Palatine lads to a touchdown and a tie score. Both teams' attempts for point after touchdown were failures, Palatine's effort going wild and Antioch's attempt being smothered by Palatine line men breaking thru.

A good sized crowd turned out to see the opening game, the first high school game in Palatine in many years.

The Palatine boys outweighted the visitors considerably, but the faster charging of the visitors made up for Palatine's weight.

Antioch outplayed in the early stages of the game, came back strong after Palatine had scored and played a great game, outplaying Palatine in their last desperate efforts to take the game.

The last class of football shown by the lads on both squads, surprised the crowd, which was loud in its praise of the clean game played by both squads. Not a penalty for roughness marred the game and only one minor penalty was inflicted all during the game, showing good coaching in both camps.

Couch Vervolt of Palatine has done wonders to whip his squad into condition and teach them as much football as they showed Tuesday in the few weeks the squad has been out. A few games like Tuesday's will show the green team its faults and will do wonders to give the boys a knowledge of the game and what its all about, laying the foundation for a real team next year, which will take its regular place in Northwest Conference schedules.

C. D. Taylor Laid to  
Rest; Friends Mourn

Mr. C. D. Taylor, prominent Palatine citizen, and a member of many Masonic bodies, died Friday night and laid to rest by his brother, Sir Knights of St. Elmo Commandery, in impressive ceremonies Monday afternoon.

C. D. Taylor was born in Chicago in 1854, son of J. S. and E. B. Taylor. He began his business experience as cash boy, at the age of eleven years, at Potter Palmer's old iron front store on Lake street, which he followed what time he was not at school, until he entered Bryan and Stratton's Business College. After completing his course, he was employed for about three years as timekeeper for his father, who was an extensive contractor. In June, 1871, he entered the service of the fire department and served on the force until after the Chicago fire, when he was appointed purchasing agent for the North Division Relief and Aid Society, which position he filled for two years. He then was employed by the Michigan Central railroad as car recorder, which he followed for two and one half years. He then entered the employ of L. C. Hach-smith & Co., as salesman and stockkeeper, and where he remained until 1879, when he became a partner in the firm of R. J. Hipwell & Co., an established coat manufacturing business, located on the corner of Twelfth and Clinton streets.

He was married in 1880 to Miss Emma E. French, daughter of E. B. and M. L. French.

Mr. Taylor later engaged in private enterprises in Palatine. After his election as director in the Court of Honor fraternal society, he was in charge of their Chicago office and gave his entire business attention to that society. This society was later affiliated with the Springfield Life Insurance Co., of Springfield, and Mr. Taylor continued his work with that organization.

Mr. Taylor was as busy in fraternal activities as in private life. While he was actively interested in fraternal insurance, as represented by the Court of Honor, the Maccabees, Modern Woodmen and Mystic Workers, in all of which he was a member, he gave nearly a life time of service to the Palatine lodge. He became a Master Mason of Palatine Lodge No. 314 A. F. & A. M., May 15, 1886. Two years later he received his Royal Arch degree in Chapter No. 96, at Elgin, Ill., and May 16, of that same year he became a Sir Knight as a member of Bethel Commandery No. 36 at Elgin.

He was a charter member of St. Elmo Commandery No. 65, of Irving Park and served as its commander in 1908-9. He became a Noble of the Mystic Shrine in 1904; select master in Silom Council No. 53 in 1909; and S. P. R. S. 22 degree, in Oriental conference, April 30, 1911. In many of these he held various offices, serving his home Masonic Lodge as Master, 1902 to 1906, and as its secretary over 25 years. He was likewise high priest of Palatine Chapter No. 855, 1909. In connection with his local Masonic work, Mr. Taylor was president of the Palatine lodge association, owners of the Masonic hall, from the time of its organization.

Mr. Taylor became a member of the village board the second time during the administration of H. H. Schierding. He succeeded him as mayor and held that office eight years. For many years he was president of the board of education.

There remain to mourn their loss: four children, Mrs. Herbert Filbert and Mrs. Marion Rude of Des Plaines; Richard of Lena, Ill.; and Harvey of Palatine; two brothers, Ceylon of New York City; and Norman G. of Chicago, and eight grandchildren.

LEYDEN SHAKEN  
BY TWO BOMBS

About 10:45 Thursday evening, September 27, the entire Leyden township was shaken by the explosion of a bomb in the new brick residence of Patrick Drennen, on the corner of Schiller Boulevard and Pearl street. Hardly had the echo died down before another terrific blast was heard, this one happening in a one story combination store and dwelling on Grand avenue and Elm street.

The closeness of the two bombings led many people to believe that there had been two bombs set off in the one house, however, it soon developed that it was a case of two distinct explosions. The Drennen house was given a very fatal blow, as the bomb tore out nearly half of one side of the building, also wrecked the entire inside of the home.

Mr. Drennen stated he had employed all union labor on the building of his home, and he was at a loss to understand why anyone would wish to harm him by such tactics. The house was under construction, and no one was living in the same when the explosion occurred.

The building on Grand and Elm, just south of the Bow Line tracks, was also dealt a terrible blow, the entire wall on both sides of the house, also the roof, being blown out. The inside work was also badly damaged. At this writing it was impossible to get any true estimate of the loss, it will however, run up into the thousands of dollars.

Hundreds of people rushed to the scenes of the two bombings, but no one had seen any trace of the "gangsters" who perpetrated the act. It was reported that they were in three cars, and traveled east on Grand avenue. This story, however, was not verified.

Red Cross Makes  
Another Appeal

The American Red Cross (The mother of the country) is now making another appeal for money and supplies for the destitute in the south eastern part of our beloved country which has been recently torn leaving thousands homeless and hungry. Arrangements have been made whereby those who desire to assist their brothers in need may leave their checks at the First State Bank of Bensenville and same will be sent in a budget to the Red Cross. The list at the bank is slowly growing but is still being held so as to make the amount as large as possible. As is always the case some can give more than others but any amount no matter how large or how small will be thankfully received. Let us make the list from Bensenville one we can be proud of. As soon as the list is complete the Register will print a complete list of the contributors and their offerings. So don't delay if you have not yet donated to this worthy cause do it today. "A friend in need is a friend indeed" and we all know "God loveth a cheerful giver." So let us dig deep to assist these our brothers who are suffering.

## HISTORICALLY SPEAKING

Roslyn Newberg: "Three ancient social classes were: Royalty, Nobles and Peasants." "Potentate means having more than one wife." With a total enrollment of 108 students the history department is well launched on its program for the present school year. A set of Charming's "History of the United States" will soon be added to the reference books in the library. This will be a welcome addition to our history library, which, however, is already pleasingly large.

Aunt Prudence: "Keep away from the loud speaker, Benny. The announcer sounds as if he had a cold."

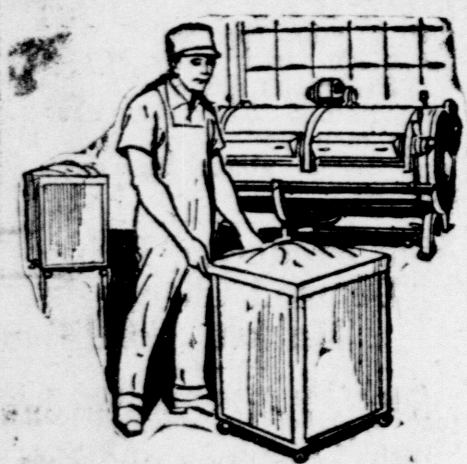

## MEASURED BY REPUTATION

dealers in used cars are particular about the character of their sales transactions. A good reputation, once acquired, must be maintained at all costs, hence every used car offered for sale here must measure up to our representations and claims, and our guarantee to that effect is tendered to every purchaser.

## PERSONALS

Bernie Schulenberg was absent on Friday and Monday on account of illness.

Others absent during part of the week were Edward Ericson, Edwin Homeyer, Frank Jahn, Myrtle Gosch, Helen Vahrenwald and Herbert Weinrich.

Bob Mueller: "Going up to hear that lecture on appendicitis?"

Art Long: "Nope, I'm sick of those organ recitals."

Ed Adam: (reading from theme) "The sap rises."

Miss Lindsey: "Please say the same thing using more eloquent language."

Ed: "The poor boob gets up."

Mr. Wilson: "What kind of birds are frequently kept in captivity?"

Bud McKaig: "Jail birds."

## FIRST SCHOOL PARTY

The Seniors of the Arlington Township high school are giving an inaugural party on next Saturday night. The idea behind this party is to start the social events of the school year and to extend a welcome to the Freshmen.

The party will take place in the auditorium unless the gymnasium is completed by Saturday, in which event, it will take place there.

The Seniors plan to have the usual run of entertainment, that is, games followed by dancing. Refreshments will be served some time during the evening.

It is hoped that this year will be more successful than previous years from a social standpoint.

## GENERAL ASSEMBLY

A general assembly was called the latter part of the eighth period on Friday, Sept. 30, 1928.

Mr. Brown introduced the speaker, Mr. Noble Puffer. Mr. Puffer gave an interesting talk on the subject: "Boosting the football games." He also led in some yells. The cheerleader, Buddy McKaig, led in a few more yells. At the end of the pep session we sang, "The Arlington Loyalty" and "Arlington High."

Mr. Puffer said: "Beat Bensenville and I know you can if there are folks there to boost you." We certainly did beat them.

## INQUIRING REPORTER

Question: What do you think of serving lunches at school during the noon hour?

Richard Niemeyer (Freshman): I think it's fine for the children that live kind of far from school.

Herb Weinrich (Sophomore): Serving hot lunches at noon is swell. A fellow can have a hot meal at school and save a lot of time, which can be used for study or play.

Ed Schroeder (Junior): Serving lunches at noon is a very good plan. It is a great time saver.

Dennis Landmeier (Junior): A very fine idea for those who have light lunches at home noons and a hot supper.

Violet Lunning (Senior): I think it is a very good idea for those that live some distance from school, but I prefer to go home at noon.

## BLUFFING

"Lives there a student with a soul so dead, who never to himself hath said, 'I'm a darn good bluffer, if I do say so myself.'"

Bluffing is one of the most common things in the classrooms today. All teachers are well acquainted with two types of bluffers, the habitual and the occasional. By far more numerous are the former, those students who never get their lesson and yet can always "hand out a line." The latter, too, can usually rely upon their own practical knowledge or plain common sense to answer questions which they have not studied beforehand.

The studious scholar is apt to be a little frightened when he enters the classroom without having prepared his lesson. Haven't you noticed that terrified, half-smiling expression come over the face of a class mate when the teacher even glances his or her way?

So many, many times, fellow students whom we have thought we have put a good one over on Miss So and So or made Mr. Wot-Chiss-So call it think we were awfully brilliant they have known all the while the game we were playing. What's the gain after we've played the bluffing game?

As for the conduct in the assembly during study period—with what an innocent, offended look the passer of a note will stare back at the suspicious teacher. How industrious a pupil becomes if caught in the middle of a conversation with his neighbor about the party last night. I imagine an onlooker would get a great deal of amusement out of the unusual display of dramatic ability among the students. They might even suspect that future John Barrymore's or Clara Bows existed.

But let's try to remember that just because the teacher didn't happen to catch us or at least tell us about it that he or she sees a lot of things going on and is a good enough sport to look over them. Let us be good sports, too.

## Yes, We Remember Back

When coconut shell dippers could be found at every drinking spring: When the most popular tune was "Two Little Girls in Blue."

When we all envied the young man with the high wheeled bicycle. When in Cleveland's first administration, our fathers swung a grain cradle all day for \$.75 and his dinner.

When mother had to raise her skirts when crossing a muddy street to keep the skirts from getting soiled.

When the young people enjoyed basket socials and spelling school matches instead of auto rides and petting parties.

When the last day of school was like attending a funeral, as teacher might be going twenty miles away might never see us again.

When parent's orders were obeyed, and when children asked permission instead of notifying their parents of what they were going to do.

## ELK GROVE

Friday afternoon Mr. and Mrs. Bloese and children visited at Grandpa Zell's home at Park Ridge. An error was made last week. George Theiss' leg was hurt and not broken.

Mr. and Mrs. Louis Sturm visited relatives in Chicago and Maywood Sunday.

Mr. and Mrs. Theo Goebbert and family visited at the Bloese home Sunday.

The Bloese children started Sunday school Oct. 2 in St. Luke's English Lutheran church at Park Ridge.

Mr. and Mrs. Theo Goebbert of East Maine, formerly of Elk Grove intend to move into their new home which they purchased at Des Plaines the last of this month.

Mr. and Mrs. L. Sturm attended a funeral at the Bensenville church Tuesday.

Nice warm weather, isn't it? Gloves will be needed to do your work now.

Wonderful Saving — Baldwin grand piano, slightly used, in a radio station. For particulars see Marie Schaefer, 1436 Miner St., Des Plaines. Phone 2794.

LOST—A Persian kitten, Maltese color, strayed from home Sunday afternoon. Notify Mrs. Kossack at the parsonage.

FOR RENT—Two furnished rooms light housekeeping privileges. Mrs. Welser, 5923 Dempster Rd. Morton Grove. (10-5)

## Intermediate And Elementary Schools

The eighth grade class of the Arlington Heights public school now has a regular business organization. The first step was taken Monday when regular officers were elected. George McNally, secretary; Donald Meyer, treasurer; vice-president; James Hauff, secretary; and Doris Crofoot, treasurer. They plan the appointment in the near future of committees who will have charge of the various activities in which the class will engage. Two class parties during the year and the regular spring picnics are on the calendar. There will be dues, part of which will be used to purchase a class gift for the school. The latter custom was started by the class of 1927, which presented a clock. The class last June presented a beautiful silk flag and standard. The class of next June intends to do as well.

Both the boys and girls play clubs are getting along nicely and practice is being held regularly, and it will not be long before they will present their first number to the public. Miss Dorothy Sadt is their leader.

### Revenge Is Sweet

The north side baseball team is feeling quite joyful since Tuesday. They turned the tables upon the team from the south school that evening whom they defeated 17 to 12. It was a narrow escape however, as the southsiders held the big end of the score until near the 7th inning. Steve Bauer and Robert Duenn were the northside battery and Franz Saz and Albert Brodman for the southside. Part of the game the latter went into the pitcher's box while Fred Lauterburg took the position behind the bat.

The south side defeated the north side by a score of 11 to 9, several weeks ago.

### Upper Grades Girls Play

The northeast corner of the school grounds at the rear of the buildings has been reserved for the upper grade girls who will be seen there almost every recess period at games in which they are particularly interested. Miss Henning and Miss Gaggster, teachers of the 7th and 8th grades are their directors and apparently get as much enjoyment out of the fun as the others. Mr. Leak, instructor of the band, reports that there are eight new band members. These are receiving special class instruction until such time that they can be taken in with the regular band. The period of their probation will only be a few weeks. This will mean a band of 32 pieces.

### South Side Attendance Good

The northside school is not the only place where there are good things. In the first place the south side school can lay claim for an attendance record that is hard to beat. With 132 pupils in that school, the September record showed that 92 of them were neither absent nor tardy.

Tuesday was bank day at the south school and the total was over \$8. The previous week the figure was \$10. The pupils show great interest in banking and it will not be long before there will be some full cards to be taken to the real bank uptown. The average for last year was \$7.00 every banking day. For those who have no children in school, we will say that the Arlington Heights State Bank has installed a machine in this school which delivers stamps of various denominations when the money is placed in the machine. These stamps are affixed to deposit cards, which when full are taken to the bank itself and the youthful depositor is given credit for \$1.00 in a savings account.

The teachers and pupils of the southside school appreciate the response that has been made by parents who have sent plants and bulbs to decorate the building during the winter months.

Pictures to Teach Art Appreciation. The south school holds a membership in the Chicago Galleries association and some new work of art will be on display each month during the school year. The picture this month is an oil painting entitled, "Seagulls and Sapphire Seas." The pupils appreciate the picture because it is their money who brought it there. Each contributed ten cents which making a total of \$12.00 entitles the school to a new exhibit each month from the circulating art gallery that is maintained by the association. The picture hangs in the auditorium and from time to time is taken into the various rooms where it is studied. Miss Russel expects this plan will instill in the minds of the pupils a greater appreciation for art and other beautiful things. She is likewise planning numerous trips during the year to the Chicago Art Institute and the Field Museum.

## Palatine-Libertyville Third Team Saturday

Palatine high schools green, but fast coming football team, will engage in its second game this week at 3 o'clock on Saturday afternoon, on Weber field on east Wood street when they hook up with Coach Martin's third string squad from Libertyville. The Libertyville third team is composed of freshmen and sophomores, who are new to the game like the Palatine boys and who are out to get the experience which only a real game can give.

There is plenty of weight on the Libertyville squad, but also a wonderful lack of football experience according to Coach Martin. This contest should furnish a good game and as it is scheduled for 3 p. m. on Saturday, a good sized crowd should be on hand to see the fun. Come on out your football fans and encourage the team by your presence and by the small admission that will be charged to help defray expenses. There are prospects for some real football in Palatine in the years to come, so come out and encourage the boys, while they are getting started. Whistle blows at 3 p. m. Saturday.

## PUBLIC NOTICE

STATE OF ILLINOIS, COUNTY OF COOK—ss.

In the County Court of Cook County to the October Term, A. D. 1928, the 15th Day Thereof.

In the Matter of Wheeling Drainage District No. 1, Sub District No. 1. Gen. No. 26637.

YOU AND EACH OF YOU are hereby notified that on to-wit: the 2nd day of October, A. D. 1928, and subsequent to the filing by the Commissioners of Wheeling Drainage District No. 1, Sub District No. 1 of their Petition praying leave of Court to issue 95% of the Assessment Roll of said Sub District in the bonds of the District as by law provided, the Judge of the said County Court of Cook County, Illinois, upon due consideration on the motion of counsel for said Commissioners sets the 15th day of October, A. D. 1928, at 10 o'clock A. M. as the time, and the County Court of Cook County, Illinois, as the place for a hearing on said Petition, at which time and place you have a right to appear to offer any evidence for or against the granting thereof.

The amount of bonds sought to be issued by the said Commissioners pledging the full faith and credit of the said Sub District No. 1 of Wheeling Drainage District No. 1, amount to \$156,500.00, which is a sum slightly less than 95% of the total Roll as heretofore confirmed by said County Court.

The property in question comprises Units 1 and 2, commonly described as Columbian Gardens being a Subdivision in Section 35, Township 43 North, Range 11 East of the Third Principal Meridian, as per plats recorded in Lake County, Illinois, on Page 33 in book P of Plats as numbered 278278 and 282352.

## OBSERVER'S NOTES

Daylight Savings Time, adieu. Glad we wave goodbye to you; Looking to the sun, Nature's schedule bids us rise, When day dawns along the skies; To rest when day is done, Daylight Savings, we are through With your mixups, glad adieu.

Wasn't that a grand and glorious feeling you had when you awakened Monday morning and heard the clock strike six on good old sun time? Somehow things have swung into smoother, better lines of moving, and we are back to normalcy in spite of politics or the lack of religion.

Somehow all the chateaus in this locality seem to have been eradicated or chicken-dinnered, or simply struck dumb by this late Daylight Saving mania, and if it wasn't for the faithful milkmen and neighbor Ackley's ducks, we would not realize the approach of morning.

Observer, Mr. Wehner is kept busy hauling the cabbage trimming away from the sauerkraut factory. If only they could transform the pulpy, watery refuse leaves into coal, as they did out of the trees and vegetation of the carboniferous age, what a great economy it would prove to be—cabbage coal—and contentment wouldn't that had delighted our old friend who lectured to the schools—Superintendent Farr on Korn Kows and Kulture?

Who was it said all one of our presidential candidates needed was ear rings and which one of our candidates was it referred to? At any rate I am sure the campaign orators are furnishing all the rest of us who are not candidates, with a plenty of ear rings.

Farmers relief, seems to be agitating our nation from one coast to another and the islands of the sea. Lots of ways to give farmers relief. A friend of mine who lived most of her life in Chicago, had occasion, recently, while staying in an inland town, to make a business call at a farm home some distance out. Arrived at the place she saw, as she supposed, the man, on a tractor plowing.

Speaking to this person she asked if she could see Mrs. Johnson. The trusser and coated figure stepped down and said "I am Mrs. Johnson." This illustrates one kind of farmers relief. No doubt Mr. Johnson was busy making cider or sauerkraut or getting the spuds out of the ground, and was relieved to know Mrs. Johnson would carry on the fall plowing.

Another very effective farm relief is the kind of old fashioned farmers used to provide themselves with against the coming of winter: A cellar well stocked with bins of apples, potatoes and squashes; tiers of boxes of golden honey; plenty of flour and meal; hams and cured beef and freedom from debt or mortgages. That meant farm relief and we expect any president to be able to produce or bring about these conditions? Ask Farmer Barrett?

The astounding catastrophe which shook our town awake, recently, and the later bombing of the Hertz property are matters not to be promiscuously discussed. Too often irresponsible babbling over such affairs, serve only to defeat discovery of the perpetrators of such atrocities, prevent public officials in their plans. We know that the publicity given criminals through eager news gatherers, publishing their movements only serve to keep criminals informed.

No matter how long you live or how old, your friends tell you that

Candidly, how are we innocent voters, to know when a man is up for election in our county, whether he is going to attend strictly and conscientiously to the business entrusted to him by citizens or whether he is just another one seeking to get his living out of the public crib and put in his hours trying to expropriate, farther than the man higher up does? How are we to know?

On our own property, mistakes have occurred and our property put up to be sold for taxes when we held the receipts for the payment of the same. To others great blunders have caused infinite trouble and worry. Just last week a notice to Mr. Horcher in regard to a piece of his property was sent to us by some big blunder and a page could be filled with these blunders in the Chicago offices. Who is to blame?

Talk about chickens—now if I was a chicken, I would take to aviation over seas at that. Think of the chicken dinners and chicken pie suppers and all the exulting things the good church women in our town are planning to do to the chickens, to make no mention of turkey pump chicken dinners, and barbecue whirling preparations. Never mind the chicken, can tell the turkey his time is coming. Says the chicken to the turkey, As they twisted off his fate, Thanksgiving Day is coming, You just wait.

Just saw a head line in the latest Literary Digest "Why Business Needs Science As An Ally." Look you, what science has done for the cabbage raising business. Science discovers and broadcasts the health promoting qualities of sauerkraut and all of a sudden the cabbage raising business becomes a grand success. Carlyle said, but for an unforeseen turn in colonial affairs, George Washington had never been known, except as a grower of cabbage, on his farm on the Potomac. Poor Carlyle might have been less dyspeptic if he had only had plenty of sauerkraut. Then see what science has done to help our meat business in discovering the marvelous curative properties of liver. Science, an ally to business. Listen brother, do you remember away back when we used to get a fine big yearling calf's liver, with all the other internal apparatus from Milbratz, for the small sum of 25 cents, and now science says give the patient liver and so you must speak to wand walk soft if even the second or third day after, or during, you can get a puny little pound of liver for 65 or 75 cents. Science an ally to business, think it over.

Takes the conceit all out of a young bit of a thing like Observer to find she is of so little importance to a people whom this pen has written up and down for over 30 years, to find old friends don't know where to find her. Not a person of consequence in this old town here in these notes, from week to week, said of their enemy or been equally disgruntled because they had not been said of themselves, and yet here comes a good old friend, Mr. F. H. Lorenzen and didn't know where we lived. Think of it, have voted for him since the year one, and here he just chanced to find of our changed residence. Ah, well, its a busy world and who has time for friendship? The water meter reader, the tax collector and one time long ago, a preacher found we lived at 207 Douglas avenue.

No matter how long you live or how old, your friends tell you that

you are, you never cease to rejoice in the golden October days. October gave me my sister mate and it gave us many happy autumn days together. On the east as I write, a tall poplar rears a gold crowned head just below an elm, a wild cherry and a long bank of sumacs, send out a blaze of gorgeous tints and brilliant colors. The maples are shot with crimson and gold. October. Age cannot wither her, nor time state her infinite variety, in the language of the immortal bard.

O, the air, the glorious air; Such goodly gifts it brings; That help this pen of mine to share With all such happy things.

The aster blossoms so profuse, The sumacs crimson leaves; The ivy bright, that twines and clings, About the walls and eaves.

I owe to nature many debts, For all she does inspire; And when it could and colder gets, I'll owe (for cash to build a fire)

As you ride through the new subdivisions, north, south, east and west, one is impressed with the wonderful possibilities here for "The City Beautiful." Clean, wide spaces and every material for the building of ideal homes, not homes of ambitions or expensive architecture, but homes where family life shall live and find its best expression.

Our modern homes are top often just houses, where the family come to eat and sleep and think up new amusements and other places to go. Our modern homes are so perfect in all their equipment. Heat and light, without great efforts from the members of the family. Too often a family who seldom all gather around the evening lamp, as a family. Of such a home, our city beautiful, will not be built. Of such a home I have heard with sadness.

Along the streets electric lights, Make pale the round full harvest moon;

Now these must burn through long-er nights, Since darkness settles down so soon.

Within the home, hidden below,

Some new device warms all the air; Snap on the lights, all is aglow, The bills run up, who can save there?

Heating and light cost fortunes now, I wonder where the girls have gone; Father is always late some how, The boys? They have a big game on.

The children are so often late, Or early, as their schedule's call; Supper, irregular must wait, To meet the whim of ore and all.

The evening hours? What can we say, The old time family group, no more Gathers about the evening fire, Movies, a dance some game or play May lead where darkness a danger dire, leading to a dark and dreary fate.

Yet home today has everything, To hold the family, glad content; The radio, and all it brings, Lectures, music and plays, far sent.

Comfort and luxury increase, What lacks the home with all of this; Is it that each himself would please And wise direction all still miss?

Another Home In Contrast The shorter days have come again, Far earlier fall the shades of night; Dozens of molded candles wait, The old oil lamps are shining bright.

The brasses of the candle sticks, By helping hands are scoured bright, The clear oil in the soft clean wicks; Will keep the house cheerful with light.

The wood boxes are piled top full, A fire's glowing on the grate; The hours here are never dull, At supper none ever are late.

Father brings in more maple wood, He thinks the night will colder grow; The sigh, we all well understood, All night he'd keep the fire aglow.

Upon the mantel, tall and grand,

The old brass candle sticks await; They were grandmother's and they stand, Ready for all occasions great.

Across the shining fields of snow, A bob sled dashes to the stile; Our hearts, were like the lights aglow, Our guests to greet with welcoming smile.

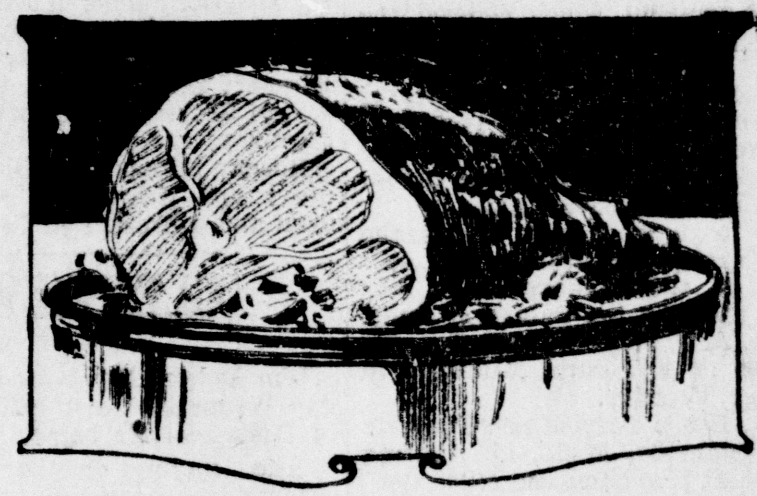

The moon, the round full moon above, Shone with a soft, a radiant light; The light of home, within and love, What needed we, that winter night?

Father and mother, children there, To welcome friend and guest to come; The joy, the jest, the songs to share But that was an old fashioned home. Elinore Crisler Haynes

### Perfection

Henry Ward Beecher said of his Aunt Chandler that "she was a woman so good and so modest that she will spend ages in heaven wondering how it happened that she ever got there, and that the angels will always be wondering why she was not there from eternity."

## Roast Meat Is Economical

So many meats are only good the day you cook them, but with a roast it is so different. Good cold for supper, and equally good warmed over the next day. Buying a big roast is economical, since it is good until all eaten. A phone call will bring you your choice.

## NILES CENTER

Mrs. Biederstadt motored with friends to McIntire Sunday where Miss Stielow entertained her bridge club in her summer cottage.

Mrs. Carl Druggan was a guest of Mrs. F. Detzer Tuesday afternoon.

Mrs. Frank Gabriel who had the misfortune of bruising one hip by a fall, is able to be around again, without any ill effects.

The annual "kick-off banquet" of the Salvation Army of Cook county, with which they opened their campaign drive for a fund of \$360,500 to carry on next year's charitable work, was held at Hotel Sherman Monday evening. 770 guests were present.

Dr. A. Louise Kiehm, Mrs. P. S. Biederstadt and Mrs. Florence K. Freund were local people who attended. They were deeply impressed by the wide scope of the work carried on by the army as related by the speakers and shown in the program, which showed many phases of their reclamation work among the unfortunates. They certainly deserve the hearty support of everyone who feels able to give. As an organization they are ever ready to help the homeless, hopeless and hungry.

Our boys who went across the sea during the world war still speak of the kindness and help given them by the Salvation army.

Rev. A. J. Mayer attended a conference of Ev. Luth. Ministers in Chicago Tuesday.

Mrs. Bruce Patrick nee Teuferte of Cedarville, Mich., is visiting friends at Evanston and Niles Center. She planned to stay about two weeks.

Jarmuth of Edgebrook, Mrs. Albert Heiby and Mrs. John Reinberg of Chicago, Mrs. Edward Lunney and Mrs. Mary Krause of Evanston and Miss E. Kiehm, Mrs. E. T. Kiehm of Niles Center in honor of Mrs. Bruce Patrick.

Mrs. Geo. Kuesch and Mr. Wm. Schum, Jr., are sick.

Miss Minnie Franz has been confined to her bed the past week.

Mr. and Mrs. Otto Gehhardt who lived in the Kiehm cottage on Lincoln Ave. have moved to Clark and Estes St. Rogers Park.

The Louis Burmeister family have moved into the cottage.

Mr. Wm. Pauling, of Emerson St., an old resident died at his home Sunday. Funeral services were conducted at the house and at St. Peter's Evang. Church by Rev. A. J. Mayer. The community extends deepest sympathy to the bereaved family.

Miss Elizabeth Stielow entertained as guests at her cottage at McHenry Sunday. Mrs. William Galitz, Mrs. Edwin T. Kiehm and Mrs. P. S. Biederstadt, Mr. and Mrs. Fred Stielow and Betty, Dorothy and Armin Mayer, Dr. A. Louise and Miss Carrie Harrer. A wonderful chicken dinner was served. The day was ideal. A good time was enjoyed by all. Miss Stielow is the splendid hostess.

Rev. and Mrs. Theodore Mayer from the east are visiting his parents Rev. and Mrs. A. J. Mayer. Rev. Theo. Mayer is to speak at the dedication of the new gymnasium of Elmhurst college, which will be celebrated at Elmhurst on Sunday. All the neighboring Ev. Luth. congregations and their friends are invited to attend.

George Kuester and family have moved into their new home. Mrs. R. Gallo and family moved into the flat vacated by the Kuesters.

Mrs. Henry Vogt called on her sister-in-law, Mrs. Herman Meyer Wednesday afternoon.

Mrs. Emma Wolters and Mrs. Florence Freund enjoyed a delightful motor trip Sunday. They stopped at Rockford College, where Elizabeth Freund is a student and had dinner with her, then they and Elizabeth had a delightful ride along the beautiful Rock River to Oregon, Ill. At this time of the year when the trees are turning red and gold, the scenery is at its best.

The Niles Center baseball team beat the Dodgers 8 to 2 on the Niles Center diamond Sunday afternoon.

Mrs. Harry Boyd and daughters have returned from several weeks vacation.

Mrs. Fredericka Hartig called on Mrs. Maria Kruse Tuesday afternoon.

Mrs. John Hindricks spent Tuesday afternoon with her cousin, Mrs. Albert Buttmann.

Rev. and Mrs. F. Detzer and Miss Fromhold were guests of Mr. and Mrs. H. Koch Saturday at a house warming in their fine new home on Mulford St. In the evening they entertained several of their neighbors.

## 5000 People Whose Sole Job is, Bettering Your Service

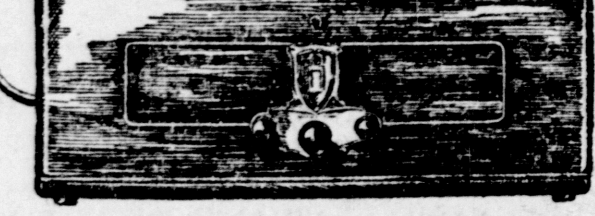

The very nature of the telephone business necessitates a single interconnected system. The Bell System accepts its responsibility for a nation-wide telephone service as a public trust.

It is the policy of the System to use all income, beyond that necessary to pay regular dividends and maintain a surplus for financial stability, to improve and extend the service. Because of the nature of the business, speculative profits have no place in it.

The Bell System maintains in its research, engineering and business staffs and in the Bell Laboratories 500,000 workers—a total of 500,000 employees—whose sole occupation is to improve the telephone art and to make these improvements instantly available throughout the nation. These workers are a guaranty of continued progress in furnishing the public a constantly improving telephone service at the lowest possible cost.

DesPlaines Theatre  
Offers Good Shows

Polka Brothers of the Des Plaines Theatre deserve great credit in securing an attraction like "Happy New Year" which will hold forth at that theatre Sunday, October 7. This is a musical comedy of the highest order and lovers of comedy and music will find this a real treat. The action of the piece in a hotel, and the time is New Years Eve. The comedy is handled by Hal Kiter, a droll comedian who has a style all his own. He is ably assisted by a capable cast, including Don Armond, a juvenile who knows how to handle a situation in a way to get the most amusement out of it, and numerous other well known performers. There are twenty-five people in the cast, including a chorus of beautiful girls. The scenery and wardrobe is all that can be desired to make an attraction of this kind the huge success it has been.

In addition the photoplay "Just Married" with Harrison Ford and Lila Lee. Regular Sunday prices prevail. Don't miss this show.

# LEADERSHIP— won in a year!

## Now Every Minute Sees Another GENERAL ELECTRIC REFRIGERATOR Placed In Some American Home

**THE** General Electric Refrigerator was first announced just fifteen months ago. At that time, these refrigerators were being placed in homes at the rate of one a day. Now they are going into American homes at the impressive rate of one a minute, every day.

### A Nation-Wide Organization Has Been Created

At the beginning of 1927, fourteen dealers handled the General Electric Refrigerator. Today there are more than 5500. Where only 70 people were engaged, today there are 11,500.

This swift but sound growth is a tribute to the newest product of the Research Laboratories of General Electric—a

complete justification for the fifteen years of research and experiment which were put into the development of this "years ahead" refrigerator.

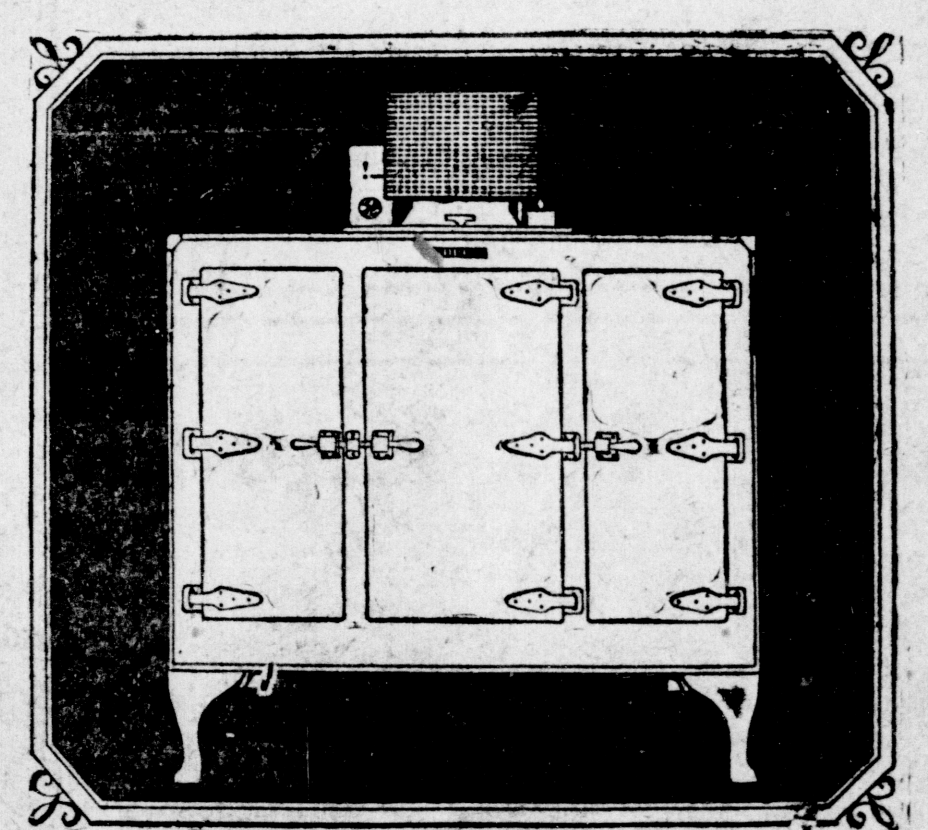

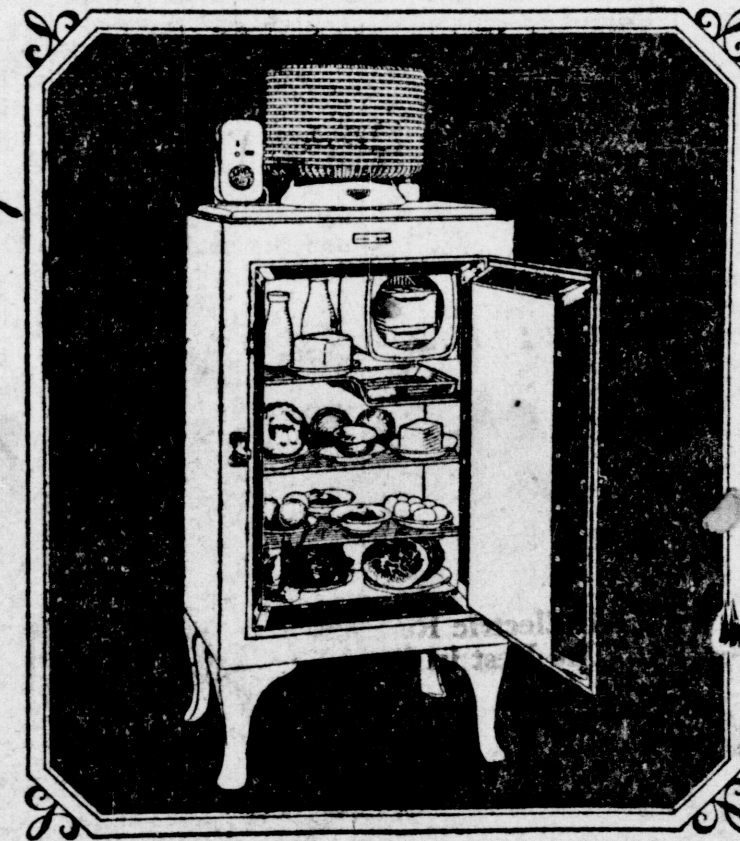

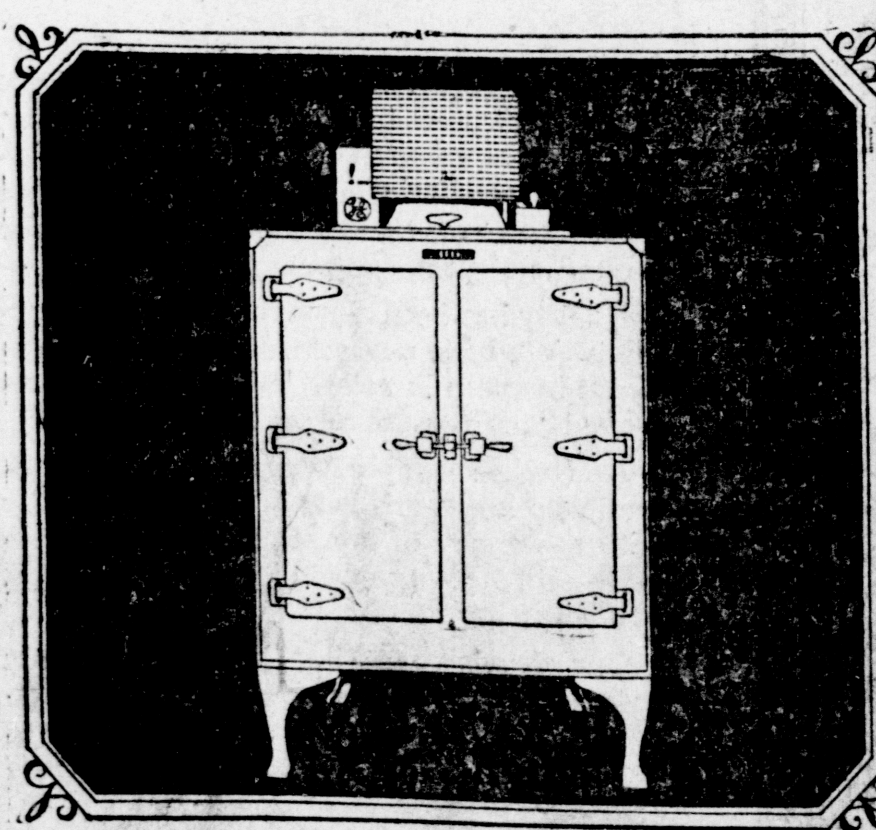

### Public Preference Has Been Won

The miracle of general public acceptance, all in a year's time, has come to pass—an acceptance which is keeping nine factories running at top speed.

Thanks are due to the foresight of the electric light and power men of the nation who have brought electric service to eighteen million homes. They have made it possible for General Electric Refrigerators, in ever-growing numbers, to aid in reducing the annual seven hundred million dollar loss in food spoilage in American homes.

# GENERAL ELECTRIC Refrigerator

## WHEELING DEPARTMENT

The Chas. Cokenower family have moved from the Wheeling station to the Gottschalk flat on Milwaukee Road.

Mr. and Mrs. Ernest Kruse and the twins, spent the week-end in Michigan, returning Monday evening. Master Robert Kruse stayed with the Sickles while his parents were away.

The Cecil Allred family have moved to Schiller Park, to be near Mr. Allred's work.

Mrs. Gjertsen and little son of Chicago spent Sunday with her parents here.

Mr. Wm. Buckley is building a small cottage for himself on the rear end of his lot, his present home having proved inconvenient for him in his court.

Friends here were glad to learn of the arrival of Raymond Jr., to Mr. and Mrs. Ray Hornberger (formerly Hattie Pilgand), at the Highland Park hospital Wednesday, September 25.

Miss Elsie Pieper has been staying at Maywood the past few weeks where she has been attending her sister who has been ill.

Mr. Peter Gross has been confined to his home here by an attack of lumbago.

Mrs. Geo. Ward and son, George, enjoyed a few days of last week with friends at Kildebourn and Madison, Wis.

Mrs. Herman Janness is in the Wheeling hospital where she is receiving treatment for an infection in her foot.

Miss Amelia Schneider has moved from the old homestead to take a flat on Buckingham place, Chicago.

Little Bernice Brumm, with the help of her relatives, celebrated her third birthday last Thursday.

Mr. Herbert Grandt has taken a position with a bakery in Chicago. He expects to attend night classes in the city.

Mr. F. C. Johnson is away on his vacation. He plans to visit friends in Seattle, Wash., while away.

Mrs. Chas. Wenzlaff, Mrs. Myrdred Stryker and little son of Gresham, Oregon, are visiting friends and relatives here.

Mr. Joseph Kroll of Chicago is spending his vacation here with his parents.

The families of Childerly took advantage of the balmy weather for an outing at Deer Grove last Saturday. Leaving home at about 10:30 o'clock a. m. they feasted on wieners and made merry with games and swimming until about 4 p. m. The picnic was a decided success, with thanks to the friendly "weather man," as also to those who sponsored the outing.

A group of young people gathered at the Updell home on Monday evening in honor of Miss Lorraine Updell's birthday. A pleasant evening was passed playing

bunco and various games.

The Harold Bingham family moved to Milton, Wis., on Sunday. Doris Margaret was born to Mr. and Mrs. Ernest Schroeder of Half Day at the Wheeling hospital on Sunday, Sept. 30.

The two little daughters of Mr. and Mrs. Otto Andersen had a narrow escape from serious injury last Monday. The youngsters climbed into the cab of a truck parked in their yard and apparently ignited some matches lying on the cab floor. Refuse in the cab flared up and the children's clothes were soon ablaze and both children suffered some burns on their hands and faces before their plight was discovered.

Mrs. Anna Woodard who has been spending the summer with her mother and brother, left on Thursday to return to her home in Pasadena, Cal.

The first meeting of the Bluebird troop girl scouts was held on Tuesday evening. At that time it was decided to hang the evening of the troop meetings from Monday to Tuesday evenings from 7:30 to 9:00 o'clock. Any girls between the age of 10 and 18 years are eligible to membership and those who desire to join the adventure in comradeship are requested to come into the troop at this time.

### PRESBYTERIAN CHURCH

E. L. Shaw, B. D., Pastor  
"Let no man seek his own, but each his neighbor's good."

Morning worship service 10:45 o'clock.

Evening fellowship service 7:30 o'clock.

Sabbath school 9:30 o'clock a. m. Weekly choir rehearsal Friday evenings at 7:30 o'clock.

The sacrament of the Lord's supper will be administered at the morning services. All members and friends of the congregation are invited to partake.

A new bulletin board to further the purposes of the church and give announcement of its services, has been erected on the corner of Milwaukee and Dundee roads, by the courtesy of the owner of the property. This board is a gift of the church from the young people of the congregation.

Last Sunday was rally day in the Sunday school at which time all members were especially urged to be present and visitors welcomed. No special program was presented, but the regular Sabbath session of the school was carried out and the visitors invited to the various classes.

Class handwork of the several classes was on display. The girls intermediate class, Miss Mildred Johnson, teacher, was the only class earning the distinction of being 100 per cent in attendance, the same class also giving a demonstration of special class note book work. Two classes were tied for the honor of having the most visitors, the Beginners class with Mrs. L. Likens at teacher and the Boy's Intermediate class, E. L. Shaw, teacher, each class having 7 visitors.

At the close of the service one of the cradle roll members, Constance Koebin, delighted the school with several little Sunday school songs. It is hoped that the interest displayed at this rally day service may be continued and increased during the coming months. "Train up a child in the way he should go, and even when he is old he will not depart from it."

### INVITATIONS FOR BIDS

Notice is hereby given by the board of Local Improvements of the Village of Wheeling, that bids will be received for the construction of the following described improvement, as a whole in the Village of Wheeling, viz:

Cast-iron water mains in Mors Avenue and other streets in the Village of Wheeling.

In accordance with the ordinances thereof, said bids will be opened at 8 o'clock p. m. on the 15th day of October, A. D. 1928, at its office in the Village Hall in the Village of Wheeling, Illinois. Plans and specifications for the said improvement are on file in the office of the Village Clerk of the Village of Niles and are also on file in the office of Consoer, Older & Quinlan, Engineers, in the Engineers Building, Chicago, Illinois.

Contractors will be paid in special assessment bonds and vouchers at par. Said bonds will draw interest at the rate of 6% per annum.

All proposals or bids offered must be accompanied by cash or by check, payable to the order of the President of the Board of Local Improvements of the Village of Wheeling, in his official capacity, certified by a responsible bank of an amount which shall not be less than 10% of the aggregate of the proposal. Said proposals or bids shall be delivered to the Board of Local Improvements, and said Board in open session on the said 15th day of October, A. D. 1928, at eight o'clock p. m. will open, examine and publicly declare the same. The successful bidder for the construction of the improvement will be required to enter into a bond in a sum equal to one-third of the amount of such bid with sureties to be approved by the President of said Board when entering into the contract for the construction of the improvement, which bond shall provide that the contractor shall well and faithfully perform and execute said work in all respects according to the complete and detailed specifications and full and complete drawings, profiles and models thereof, according to the time and terms and conditions of the contract, and that the contractor shall promptly pay all debts incurred by him in the prosecution of such work, including those for labor and materials furnished; that all bids and proposals shall contain an offer to furnish such bond upon the acceptance of such bid or proposal. The right to reject any and all proposals or bids is hereby reserved.

## EAST MAINE

The Cermak's Country Towns booster club will give their second annual dance and frolic at Alf's Hall, Niles Center, Illinois, Saturday evening, October 13, 1928. Furnishing entertainment for the evening will be "Cermak's Hall money Four," and you certainly will not want to miss hearing them. Music by Joe Schneider and his snappy syncopators. There will also be a door prize. Entrance at 8 o'clock and admission only 50c. Don't forget to come out.

St. Matthews Ladies Aid will hold their next meeting Thursday evening, October 11, with Mrs. Henry Ahrensfield, Mrs. John Ahrensfield and Mrs. Edward Altemberg serving.

The infant son of Mr. and Mrs. Oren Jaacks was christened John William by Rev. Toepel Thursday evening. Mrs. Aug. Bestmann, Mr. John Jaacks and Mr. Wm. R. Tagtmeier were sponsors.

Mrs. John Steel celebrated her birthday anniversary Sept. 25, with a household of relatives and friends. No invitations had been issued and the crowd came unannounced but all found a hearty welcome and spent an enjoyable evening. That same evening Mr. and Mrs. John Jaacks entertained a small group of relatives and friends in honor of Mr. Jaack's birthday. Bunco and cards served as pleasant pastimes. A birthday luncheon topped off the event.

League bowling at St. Matthews alleys for the 1928-29 season started officially October 1. The first two teams to start toppling pins were Nos. One and Two and in the first evening the former team succeeded in carrying off the honors in all three games. But that was just a start, watch for further developments.

Miss Elva Toepel entertained twelve girl friends at a dinner party Saturday evening at her home of her parents. The occasion was Elva's 17th birthday anniversary. Various games were played and enjoyed and the evening voted a complete success. Elva received many lovely birthday gifts as souvenirs of the day when she was 17.

A telephone call at 2 a. m. Sept. 17, brought to Raymond Jaacks, the glad tidings that his Chrysler coupe, which had been stolen a few days previous, had been recovered and was at the Des Plaines Street Police Station in Chicago. The car was found at 58th and Cicero and was unharmed except for tools and a blanket being stolen.

St. Matthews church calendar for the next two weeks includes the celebration of Erntedankfest, Sunday, October 7, at 10 a. m. and the quarterly business meeting of the congregation immediately after services, October 14.

The Moeller family had their share of birthday celebrations last week. Ella, daughter of Mr. and Mrs. Wm. E. Moeller, celebrated her seventh birthday Saturday, Sept. 29, and had fourteen little school friends to join in the party. Sept. 30 Mr. and Mrs. Adolph Moeller entertained about 75 guests in honor of Mrs. Moeller.

A miscellaneous bridal shower was given in honor of Miss Eleanor Scher at the home of Mr. and Mrs. Aug. Teegen, Saturday evening, Sept. 29. Eleanor received many lovely gifts and was quite overwhelmed by the surprise. Her marriage to Mr. Rudolph Teegen will take place soon.

The East Maine ball team were denied the privilege of concluding their 1928 season with a peppy game as had been planned, for the West Wilmette team failed to appear. Loyal fans, who had turned out for the game, spent the afternoon enjoying the football game between Des Plaines and Park Ridge.

The Ladies' Aid will meet on Thursday afternoon at the home of Mrs. Rennak.

Tonight is your last chance to see the play given by our young people at the Catholic church hall.

The pastor will return from the seat of the annual conference on Sunday, October 7, to conduct the service of worship at 11 o'clock.

Rally Day has come and gone in the Sunday school. Will you be as intelligent in regular attendance for religious education, as you would be in the public school for secular education. Only regular attendance and diligent attention will prepare you for graduation.

The Fourth Quarterly Conference of our church year held at the church last Sunday evening, at which our District Superintendent presided was so successful that it was positively enthusiastic.

Reports of the organization were in good condition and progress financially we have had a good year, and the pastor went to Conference Tuesday with the records clean. In the two years pastorate the membership has increased 32 per cent plus. Pastoral labors this last year include, not counting Sunday services; two weeks in Scout Camp; Pastoral Letters 1534; Telephone calls 1531; Interviews 1865; pastoral calls and social engagements 1497.

There will be special music at the service Sunday.

Little Mr. Leland Jay Rohar was the center of a baptismal ceremony at the Kehle home last Saturday night, at which the pastor officiated.

## AMONG THE THEATRES

### "College Nights" At The Norshore

With the advent of the Fall semester at Northwestern University, the College Nights which are given regularly every Friday evening at the Norshore theater during the school term, have again been resumed.

Friday evening, October 5, Phi Nu Beta has arranged in conjunction with Al Kvale, the Norshore's collegiate director, for an unusual program. The following Friday night Phi Kappa Sigma will entertain Norshore theater-goers with another program.

### "Lilac Time" Seen and Heard at The Uptown

If love levels all ranks, it also overshadows even events of world import, so far as lovers are concerned. And as most of the world loves love, it is not surprising that "Lilac Time," First National's big new special which comes to both the Tivoli and Uptown screens next week with Colleen Moore as the star, enthralls by reason of the love story it tells of even a greater extent than because of the World War background.

A little French girl and an English aviator are the principals. Colleen Moore is the girl, Jeannine, and Gary Cooper is the young ace. Both contribute brilliant performances.

Colleen Moore simply is the character she portrays. It is more than acting; it is consummate art. Miss Moore has added to her list of screen portrayals one that can be definitely assigned to a place at the very top.

One of the snappiest and fastest moving presentations offered on the Uptown stage by Bonnie Krueger and his gang in the past few months is the gay production which will be seen there during the week in prospect entitled "Harem Scarem."

### "Beggars of Life" At Chicago Theatre In Great Fun-Fest

Tramps know more about human nature than any other group of people, according to Jim Tully, the author of "Beggars of Life," Paramount's sound special production, which comes to the Chicago theater next week. Tully, who rose from hobnobbing a few years ago, has become one of America's most widely read authors of stories of tramp life.

"Few people I have met in other classes have the hard and keen discernment of life that many tramps have," says Tully.

"Hobos are primitive and therefore more intuitive than subtle," declares the ex-prizefighter. "It would no doubt have shocked many a leader of industry had he known that I, a young beggar on the street, could read in his face whether he would give me a quarter."

"I did this as a gamble once with another young panhandler. He would pick out a victim fifty feet away. As he walked toward me I would read kindness or meanness in his face. I failed once out of eleven times and the man who refused me had just finished arguing with a taxi driver."

"A clever young beggar can hope to succeed in obtaining small change from about thirty percent of the people he approaches. That is, if the street has not been 'worked' too hard."

### "The Man Who Laughs" Is At The Roosevelt

An enthralling story of an amazing love, set amid a background of rare splendor is "The Man Who Laughs," coming to the Roosevelt theater screen next week.

A love story as beautiful and as sweet as anything ever captured for the enjoyment of audiences has been built with clever hands into this Victor Hugo story, followed closely the action of the novel.

The exaltation of love and its ability to foreshadow the hardships of life is ably portrayed. The story concerns a little blind girl played by Miss Philbin and her love for Gwynplaine, a clown maimed in his youth by a fiendish surgeon who carved a perpetual grin on him. All the world laughs at his face except the blind girl and he fears that she would, too, could she but see him. The story has a startling and daring denouement.

### Ash Leads Gang In Spicy Stage Show

Paul Ash, who returned to the Oriental theater to start a record-breaking run, will be seen with his merry-mad musical gang in a mammoth stage production entitled "Sunny Spain," starting Saturday, Oct. 6.

This is a spicy presentation with all the romance of old Spain pervading the atmosphere. Paul will be seen as a gay Don while beautiful señoritas will dance the hidalgo. Handsome young seniors will play luring melodies on their guitars, while Paul will preside and lead his orchestra in some of the white hot music that only his

gang can play.

What a show it will be: Toreadors, matadors and picadors will be there in all their splendor, and not to be outdone, the orchestra will be resplendent in the costumes that lend so much color to this presentation.

Another talking picture will be offered Oriental theatergoers when "Women They Talk About," starring "Buster" Collier, Jr., and Irene Rich occupies the screen. The story is unusually interesting with a more or less complicated plot for the audience to figure out. There are many thrilling scenes in this picture and the climax grips one with its intensity. Assisting the stars are Audrey Ferris, Claude Gillingwater and a host of others.

### "The Singing Fool" Thrills Crowds At McVickers Theatre

"The Singing Fool," Warner Brothers' sensational sound production starring Al Jolson, which opened Friday at the McVickers, is thrilling the thousands that are clamoring to see it.

Although Jolson appears minus his burnt cork make-up for the majority of the film, nevertheless he still enthralls his audiences with the "Mammy" songs that made him famous.

"The Singing Fool" is a heart-stirring drama of a waiter who falls in love with an entertainer in the night-club where he works. Al marries the girl but she proves untrue to him. The method by which he wins her back is unique and forms the theme of the story.

### Clara Bow's Latest Film Due on Norshore Screen

Clara Bow, the titian-haired "It" girl of screenland, comes to the Norshore theater next week in her latest picture, "The Fleet's In." Clara departs from her usual roles in this picture, but nevertheless she "gets her man."

### Mt. Prospect Village Board In Session

The regular meeting of the Board of Trustees was held Tuesday evening at 8 p.m. at the village hall. Upon roll call all trustees answered present except Trustee Noll.

The clerk then read the minutes of the last meeting which upon proper motion were approved.

The treasurer's report was also approved as read.

The finance committee reported that the bills had been audited and approved and the clerk was authorized to issue warrants for same.

The bid of John Gors for the erection of the addition to the present building housing the fire truck was opened and turned over to the chairman of the Public Grounds Committee.

Mr. H. O. Gunderson reported for the special committee that investigated Gynlap, Celotex and Masonite, it was the idea of the committee to recommend to the Board that the use of these three insulating and lumber substitutes be permitted in the erection of brick veneer homes or structure.

The committee went further and asked the Board not to allow any homes to be built where an alibi wouldn't work—that is with the majority of bosses.

Boss: "There's Jim carrying two ladders at a time, and you're only taking one."

Man: "Sure, he must be too lazy to go back twice."

Lives of chauffeurs remind us, Honest men who haven't got a chance, The more they ride, there grows behind them, Bigger patches in their pants.

Now, I must leave you, one and all, For I've work in another call; Will be with you next Friday, If not executed for this mess today.

The Board also authorized Chief Mulso to make arrangements for a pick up day in November and have things in readiness so that we can take care of the job quickly.

The Board next passed the sidewalk ordinance for the sidewalks on the east side of Main street from Milburn to Lincoln, several of the property owners were present at this time, the estimated cost is \$1075.00.

There being no further business on hand the Board adjourned.

**Emil Greiner Is Laid To Rest**

Sunday the Angel of Death crept in and took out of this life one of our young men in the person of Emil Greiner who became one of us by his marriage to Lucilla Wille a short time ago.

Mr. Greiner was a painter by trade and was just getting started on a nice business being 27 years of age. It was a week ago Wednesday that he entered the hospital in Chicago for an operation for appendicitis and Sunday found him departed. The immediate cause of death is given as lead poisoning rather than any complication of the operation. He leaves to mourn his loving wife, Lucilla Greiner, nee Wille, his parents, brothers and sisters and other relatives.

The Herald extends heartfelt sympathy to all who mourn the great loss.

### YE OLDE REPORTER

"A bad penny always returns," so here I am again.

Can It Be So? Merchants: "Before I engage you, you will have to pass an intelligence test." Why? The advertisement said you wanted a stenographer.

Business Before Pleasure Isaac adrift on raft: "Look, Moe! I see a sail!" Moe: "Vat's the use ve have no samples."

It's Easy Enough "Have you any difficulty meeting your expenses?" "Not a bit, I'm always running into them."

Send a Dozen Salesman: "This washing machine will pay for itself, sir." Prospect: "Well as soon as it has done that, you can have it delivered to my house."

Some of the worse known criminals have escaped just punishment through a good alibi, but Ye Olde Reporter thinks that the following is a case where an alibi wouldn't work—that is with the majority of bosses.

Boss: "There's Jim carrying two ladders at a time, and you're only taking one."

Man: "Sure, he must be too lazy to go back twice."

**Concordia M. B. League Meeting Held Monday**

The regular monthly meeting of the Concordia M. B. League was held on Monday evening.

Secretary Alvin Biegel read the minutes of the previous meeting as well as the report from the central office. Both were approved upon proper motion.

The local treasurer's report showed a net balance on hand in the local treasury of about \$100 which is indicative of the activities of this branch.

Walter Niebuhr made the report for the entertainment committee on the recent five hundred party which was enjoyed by all who attended.

A motion made and seconded that the local extend its thanks to the donors of the various prizes contributed for the five hundred game.

Plans are to be laid for a Concordia night, when the new Lutheran school is dedicated, in fact it is the desire of the local to have one night of the week in which the dedication services are to take place.

**How Vain Is Man**

The Coquette (in circle of admirers)—"Oh! what a pity that the handsomest man in this party has a grease spot on his waistcoat." All the gentlemen eagerly scrutinize their respective fronts.

### More Paving To Be Done by Milburn

Tuesday evening the Board of Local Improvements opened bids on the paving of George street and other streets. Milburn Bros. bid was \$25,415.00 and the Arcole Construction Co. bid was \$26,722.64.

Upon check of the engineers the contract was awarded to Milburn Bros., who will start work in about a week or ten days and hope to complete this project before bad weather.

Recommendation and Ordinance on the storm sewer in Wille street in the Berry properties was heard and the public hearing was set for 8 p.m. Oct. 19, 1928, at which time bids will also be received on the Prospect Park lighting project.

Mr. H. R. Terpening and Mr. Parks request the Board to cause proceeding to be started for paving of Emerson street from Lincoln street to Shabone Trail, also to have the necessary sewers and water service pipes installed. The idea of the request was to have this work started as Mr. Parks contemplates the erection of five homes and the attorney was authorized to draw the necessary papers.

**Local Notes**

Mrs. Frederick Hartwig who was called to Mendota, Ill., on account of the serious illness of her father, returned to her home here on Sunday.

The Rev. and Mrs. C. F. Eissfeldt and little granddaughter, Margaret Noll, spent this week with relatives in Jegerson Park.

Last Friday evening the choir of St. Paul Ev. Lutheran church held a social get together in the basement of the church. At this meeting the choir was recruited. With the new members and the former ones, St. Paul should have a choir of credit to the church. The party at this meeting greatly enjoyed a tasty lunch after the business session.

Mrs. A. Eissfeldt of Winnipeg, Man., Can., who has been visiting relatives in Mt. Prospect, left on last Saturday morning for St. Louis, Mo., where she will spend a week.

Last Thursday evening, Rev. J. Mueller gave an interesting address on Matrimony at the meeting of the American Lutheran League. Questions were asked by the various ones present, which proved both instructive and interesting.

A birthday surprise party was held at the E. L. Harris home in honor of Mr. William Barnum of Des Plaines. About twenty-five friends and relatives were present. The evening was delightfully spent with cards and luncheon, after which a delicious lunch was served. Mr. Barnum is an employee of the J. H. Gors Construction Co.

Mr. and Mrs. Herman Noll are spending an enjoyable vacation in the Southern part of Missouri, making the trip by auto.

Miss Margaret Froehling has resigned her position in the office of Wm. Busse and Son Hardware. She, with her pleasing personality, is missed by all.

Vernon Sexton, of Mt. Prospect, is numbered among the reserves of the Arlington Heights high school football team. Thus far Vernon hasn't gotten into the fray.

The Concordia Mutual Benefit League, held its regular monthly business meeting in the village hall on Monday evening. At this meeting a committee was appointed to look after the putting on of a program on one of the opening nights of the Lutheran school auditorium. This committee selected is composed of the following: Mesdames, Maleske, Froehling, Kasper, Messrs. Maleske, Hass, Niebuhr and Shetterly.

**Likes and Dislikes**

After his first week at school, Jimmy was asked whether he liked it. "I like to come and I like to go," replied Jimmy, "but there is one thing I don't like."

When asked what that was he said: "I don't like to stay."

### Mt. Prospect Bank Protects Vault With New Burglar Alarm

In an interview with Mr. William Busse, Jr., concerning the new banking quarters of the Mt. Prospect State Bank, he expressed the following views of the officers regarding vaults:

"The vital part of a bank is its vaults. Therein are stored not only the records and monies of the bank itself, but also the valuable possessions of safe deposit box customers, which we consider more important than the bank's cash. Therefore, in the planning and construction of our new banking quarters every consideration has been given to the safety and security of our vaults."

"Not satisfied with thick walls and heavy entrances, a contract has just been made with the O. B. McClintock Company, the largest bank vault burglar alarm manufacturers in the world, to electrically protect our vaults."

"The entire surface of the walls, ceiling and floor are to be surrounded with electrically sensitive protection. The vault doors are protected against attack of any kind."

"No gang of yeggs with their disastrous burning outfit, commonly as the 'torch of hades' will attack our bank because it is well known among those of the underworld that tampering with a McClintock electrically protected vault spells positive defeat. Records show that more than forty-five bank burglars, holdup men and their associates have been killed or imprisoned through the means of 'McClintock' alarms."

"Automatic supervision provides a strict check up on the officials of our bank, so that at no time could our vaults be left for the night without being perfectly and properly safeguarded."

"Any attack made on the vaults of our bank will immediately cause an alarm from the heavy gong installed in its electrically protected housing on the outside of the building—any attempt to destroy or silence this big gong will at once cause the alarm to sound."

"This wonderful system of electrical protection is recognized as the finest thing of its kind. Vault architects, architects, bankers and burglary insurance companies have given it their approval. It is passed by the Underwriters' Laboratories in the highest rating, that of Grade 'A.'"

The officers and directors of the Mount Prospect State Bank are to be commended for their high regard of their responsibilities and for the length to which they have gone in providing the very utmost in vault protection.

**NOTICE OF AWARD**

NOTICE is hereby given that the Board of Local Improvements of the Village of Mount Prospect, Illinois, at a meeting held on the 2nd day of October, A. D. 1928, awarded the contract for the laying and constructing of a connected system of street pavement in GEORGE STREET and other streets and avenues in said Village, as contemplated in and by the ordinance and proceedings in Mount Prospect Special Assessment No. 36, to MILBURN BROS., a corporation, of Rockford, Illinois, on their proposal for the sum of \$25,415.00.

Dated, Mount Prospect, Illinois, October 9, 1928.

WILLIAM BUSSE, President of the Board of Local Improvements.

**Pushing the Goods**

Any salesman will tell you that a stock of goods in your store is not a business. A stock of information in your mind is not an education. A job is not success. To make a business you have to rush the goods, advise them, display them. And you must use your mind. Exercise it. Keep it open and flexible, quick and workable. Getting a good job is only the beginning of the road. Nothing more useless than a road if we don't travel it.

### \$20,000,000 Bond Issue To Be Voted Nov. 6th

Springfield, Ill., Oct. 1.—Based on official figures of the state Department of Conservation, a statement has been prepared here, showing that the \$20,000,000 conservation bond issue to be voted on Nov. 6, may be paid entirely out of state hunting and fishing license fees without any direct taxation.

"Entitled 'The True Story of Twenty Million Dollars,' the statement as issued by Charles F. Mansfield, Jr., of Springfield, traces the development of sentiment in Illinois for forest, game and fish preserves and public shooting, fishing and recreation grounds in Illinois. Mr. Mansfield is executive secretary of the Illinois Conservation and Flood Control association."

"Originating in Belleville, Ill.," said the statement "at the annual meeting of the Illinois Sportsman's League in May, 1926, as a \$25,000,000 bond issue for reforestation, reduced in amount by the Izaak Walton League and other sportsmen's organization; broadened by the State Federation of Labor to meet the needs of the average man or woman; introduced in the Fifty-fifth General Assembly, by Rep. Thomas Curran of Chicago, and passed by an overwhelming majority, we have submitted to the voters of Illinois on November 6, 1928, the greatest and most comprehensive conservation program ever presented to the people of the State—the twenty million dollar bond issue for forest, game and fish preserves and for public shooting, fishing and recreation grounds in Illinois."

"Every one of the 765,000 holders of hunting and fishing licenses in Illinois knows that the establishment of the game and fish preserves and the twenty million dollar bond issue means the perpetuation of these wholesome outdoor sports."

"The purchase by the State of these public shooting and fishing grounds means that no longer will we be compelled to buy a license and then be met with 'keep out' and 'No Trespassing' signs. This will be good news for both the sportsman and the farmer."

"The hunter of upland game will see the quail, pheasant, squirrel and other small game multiply beyond his fondest dreams."

"The duck hunter, whether a club member or not, will find that the resting grounds provided will bring and keep untold millions of ducks and other migratory birds to the waters of Illinois."

"The first consideration in the purchase of these lands is their suitability for hunting and fishing."

"The 765,000 sportsmen of Illinois are going to be on the job and see that a dollar's worth of land is bought for every dollar of their money expended."

"The twenty million dollar bond issue is a copy of our nationally famous hard road bond issue laws except in two particulars; first the money is to be used to buy land for forest, game and fish preserves and public shooting, fishing and recreation grounds instead of building hard roads. Second, the bonds and interest are to be paid by hunting and fishing licenses instead of car fees."

"The cheapest lands and not high priced farm land or city property will be bought under this bond issue."

"There are thousands of acres of rough land in Illinois that can be purchased for ten to fifteen dollars per acre. Some may cost seventy-five dollars an acre. A conservative estimate is an average of fifty dollars per acre."

"This means that approximately 400,000 acres can be bought with the twenty million dollars of the sportsmen's money."

"This will give every county in the state where suitable land is available an average of 2,500 acres of upland and still leave one hundred thousand to one hundred and

### Civic Improvement Of Interest To Mt. Prospect Citizens

There are many civic improvements in Mt. Prospect in which our people are particularly interested at this time.

The first matter of importance to us all is the new fire truck which our Village Board has been investigating for some time. The members of the Board have been out to see demonstrations made by the manufacturers of various fire fighting equipment and are now considering which of these is the best for our village. This matter will come up for discussion at the next meeting of the board.

Second is the matter of an addition to the Village Hall, one part to house the new fire truck and the other to contain a cell room so that the police department may have the necessary place to hold prisoners. It is natural that this will require a little time as the one part is to be paid for by the bond issue and the other part out of the corporate funds.

Then we also have the Community Hall, which has been painted, new electric wiring is being installed. When this work is done it will be an ideal place for the various meetings of our organizations. The question of upkeep on this building is one awaiting action of the board.

Mt. Prospect is making headway on many things and between the Improvement Ass'n and the Chamber of Commerce, the laymen as well as the business and professional men are doing their part. It is up to each of us to help in this progressive work and the more who put their shoulders to the wheel the lighter the load will be. Our village is trying to do what in their opinion the public desire, they gather their opinions from both our civic organizations and feel that when they have heard the pros and cons discussed at these meetings they have as near the correct public opinion as can be secured.

Mr. President and Citizen and Mr. Business Man are you doing your part in the development of Mt. Prospect? Do you belong to either of the organizations that are doing their share of work for the welfare of Mt. Prospect?

fifty thousand acres to be bought along the rivers of Illinois.

"The department of conservation since it was created by law has been supported by sportsmen."

"The revenue of this department and sale of licenses are increasing approximately 15 per cent per year. The sale of licenses last year was 765,000."

"The bonds are not due until 30 years after the date of the issue. They will be issued and sold as the money is needed. They will not draw interest until they are sold."

"Expenditures will not exceed \$2,000,000 in any one year, and that would require the purchase of at least twenty tracts of land every month in the year."

"The following tables show clearly that the operating expenses of the department of conservation and the entire cost of retirement of the principal and payment of interest on \$20,000,000 bonds will be made by license fees over and above all requirements for operating the department and paying principal and interest on the bonds. This surplus can be used in developing the lands bought."

### Novel Menu Today's Work

When Jackie returned from his first party his mother was eager, of course, to hear all the details of the festivity. When asked what he had to eat, Jackie said "Pink Jumbo and thumbs!" His mother, quite mystified, telephoned his hostess, and found that cherry junket and lady fingers had been served.

"Every young life that fronts the world is a power, and is here for a purpose. Take stock of yourself and of your possibilities, not only for some far-off future, but for the here and now of daily life. No one will ever do much with the years to come who has not learned to do much with the days that are here."
